The BULLETIN

THREE ON FACULTY TO RECEIVE LEAVES

Robert Stein, Asst. Professor of Math, has been granted a Research and Creative Activity Leave for the 1970-71 Fall Term. Prof. Stein plans to work on a text for a modern math course.

Mireille Rydell, Assoc. Professor of French, has been awarded a Research and Creative Activity Leave for the 1970-71 Winter Term. Dr. Rydell expects to write a critical edition of a 13th Century anonymous French narrative poem, "Le Lay de Tyolet."

Ralph Petrucci, Chairman of the Natural Sciences Division, has been granted a Sabbatical Leave from January 5, 1971 through June 13, 1971, during which he will remain on campus to initiate a number of projects in heterogenous equilibrium, an area of physical chemistry.

COMMON ADMISSIONS PROGRAM BEGINS JAN. 1 FOR 19 STATE COLLEGES

A "common admissions program" in the 19 California State Colleges will be phased in beginning January 1, 1970, when all the colleges will open their 1970-71 academic year admissions cycles and, also, for the first time, utilize a standard "common admissions form."

In the past, opening and closing admissions dates on the campuses have varied as much as six months. This variance, while serving the convenience of local area applicants, has occasionally hampered students from entering an alternate institution if the college of their first choice has become filled.

In announcing the new program, Harry E. Brakebill, Executive Vice Chancellor, stated that the combination of shrinking dollars and expanding enrollments has brought about the revision in the current applications procedure.

NEW EXTENSION PROGRAM TO BEGIN THIS WINTER

Beginning with the Winter Quarter, CSCSB is broadening the scope of its extension program to include courses responsive to the needs of the community. Previously, the College's extension courses were limited to those for teachers. This year, headed by Dean of Continuing Education Fred Roach, the extension program will include 25 courses and will be held in Banning-Beaumont, Barstow, Colton,

EXTENSION -(continued) Corona, Fontana, Little Rock, Palm Desert, Redlands, Rialto, Victorville and San Bernardino.

Courses, both three and five unit, are open to everyone; it is not necessary to be enrolled as a regular CSCSB student to register. Tuition fees are \$12.75 per quarter unit. Credit for some courses may be counted toward a B.A. degree.

It is expected that an increasingly larger and more varied program will be offered each quarter. "Our community education program will be broad, diverse and responsive to the needs of the community," Dr. Roach stated.
